Developer Advocate

fayesipiano@outlook.com

Personal Summary

- Front-End Development - **JavaScript, Vue, Nuxt, Docker, Bootstrap, SwiftUI, Tailwind, git, pair programming**
 - Highly organised and proven ability to adapt quickly to different environments and team dynamics.
 - Proven proofreading and editorial skills, from book editing to marketing copy and websites
 - An active member of the developer community on Twitter (@javascriptcoff1)
 - I write blogs and articles regularly on dev.to.
 - Regularly invited to guest speak at tech talks
 - Created youtube videos - technical concepts as well as creating awareness about mental health
- I am a keen linguist and enjoy learning languages (both tech and spoken!) and understanding different cultures.

Employment

Front-End Developer/Copywriter - freelancer 2020 - present

- Work with clients to understand their marketing strategy and vision
 - A professional, personable approach
- As writing style is individual to each client, I adapt my style according to my assessment of the client.

Front-end Developer/Developer Advocate internship - WeStryve Sept 2020 - present

- Make and implement key design decisions within this growing community start-up.
- Recommendations for copy and documentation, and update the emerging website.
- Pair-program with another front-end Developer to learn key skills, and technologies, such as Git version control, Docker, Vue/Nuxt, and other frameworks, which I have blogged extensively about.

Executive Assistant – Quantifi Feb 2019 – April 2020

- Marketing – created new copy for website and print, editing of PR documents prior to new releases
- Calendar and schedule management
